What a My Place Box Can Do

My Place is a Samaritan Center program that aims to help guests secure basic household goods. Many people who dine with us are in periods of transition and uncertainty. These simple, everyday necessities will support guests as they build a place of their own. My Place boxes will help provide a sense of comfort, stability, and the opportunity for guests to move towards self-sufficiency.

How to Build a My Place Box

- New and gently used items are gratefully accepted.
- Check out our Amazon & Walmart wishlists for more specifics.
- To make transporting the boxes easier for our guests, we ask that the bulkier items be packaged in 17 gallon or 70 quart totes. Linens can be packaged in laundry bags, then stored in jumbo sized plastic bags.
- Please label the laundry bag with the size of the included sheet set & comforter.
- Consider adding a framed quotation or inspirational message to help truly make a new house a home!

Be a Part of Someone's Fresh Start!

Building My Place boxes is a great way for students, groups and families to volunteer. Younger volunteers feel directly connected to one of their neighbors in need while building a My Place box. Students are able to learn about poverty in our community and reflect about people that have had different life experiences than themselves.

Building My Place Boxes is also a great opportunity for students to earn service hours for school! Each completed box will earn 5 service hours.

Please email volunteer@samcenter.org to schedule a time for a drop off!
